Welcome Message from the Organizers

Greetings!

Welcome to Ridgecrest, California for the first event of the 2018 California Rally Series and the Pacific Rally Cup of the NASA National Rally Championship. High Desert Trails is going on its 11th consecutive year, and its 7th year on the roads of Kern County. Lots of big changes this year with the rally moving to a TWO DAY FORMAT: Friday & Saturday! We're excited to break out into a later start Friday event where the last 2 stages will be run at night, and a Saturday that finishes up before sunset. No shortage of mileage on the same great stages that take you through a fast and flowing valley floor to the tight and twisty forest at over 6,000 feet of elevation. These rally roads have everything Southern California has to offer!

Don't forget we'll have a Sunday rallycross too! Volunteers can make it a “rally weekend” and we strongly encourage our rally competitors to participate as well.

We are pleased to continue to offer an Alumni Reserved Early Entry rate to any alumni driver or co-driver who has competed at the High Desert Trails Rally in the past 44 years (1973-2017). All Alumni competitors will also have a spot pre-reserved for them on the entry list – as long as payment is made in full by the early entry deadline.

As the sport of Rally matures in the US, more and more competitors have been asking for recce`. While we still believe that blind rallies are a unique challenge, we've decided to offer it this year. Competitors will be provided stage notes and enough time to make a single familiarization pass with them on Friday morning provided they attend the Thursday Night Competitor Recce` Registration and if applicable the Novice Recce` Mandatory Meeting.

We're keeping with a central service area, and more activities will be held closer to the stages. This means that your gear will be waiting for you where you left it and you won't need extra crew members to drive your rig.

As competitor-organizers, we pride ourselves on running a safe, fun, and on-time event. We hope you have a great time with us in the high desert!

Kristopher and Christine Marciniak
HDT Rally Co-Organizers

For the PRC, the entire rally (both Friday and Saturday) is considered one event. 15.11 Power Stage

15.11.1 Running of the Power Stage

At the turn-around before the final special stage, the entire field order will be reversed. Cars will be sent down the Power Stage with appropriate gaps in this reverse seeding order. The system to derive appropriate gaps will be based on previous stage times for the 2018 HDT Rally. Standard one-minute spacing plus appropriate gaps will be used on the Power Stage. The CRO will be available to help make this determination. If a faster seeded competitor catches a slower seeded competitor (for example, due to a flat or loss of power), it will be considered force majeure.

15.11.2 Awards Ceremony Power Stage

As eligible drivers complete the final MTC, teams posting a top time will be asked to come up on stage, until their top time is beaten. Teams who did not post a faster overall time will proceed to Parc Ferme`. The fastest two-wheel drive team and the fastest four-wheel drive team will each (separately) be awarded a prize.

15.11.3 Parc Ferme` following Power Stage

20 Protests

It should be understood that the generally accepted procedure for this is that a competitor should first submit an Inquiry using the "Inquiry Form" provided with the packet at registration. There is no fee associated with an inquiry. The officials will then rule on the inquiry. Should the competitor not be satisfied, the competitor's only other option while at the event is to lodge a protest. Should the competitor still not be satisfied, the competitor must file an Intent to Appeal with the stewards within one hour of the decision, and must then also send the appeal to the Secretary of the National Court of Appeal (GRR 2.31.6.3).

20.1 Protest fees

Protest fees will be in accordance with GRR 2.31.2

Competitors who are not required to attend but wish to sit in on the seminar are welcome to do so.

21.4 Exemption

- Competitors wishing an exemption from the NCO may request an exemption by doing *all* of the following:

- Submit the request form before the regular entry deadline.
- The request will be either approved or denied by a Steward or a NASA Rally Sport representative. One possible reason for having an exemption approved would be having a rally license issued by another organization, such as the FIA.
